

PRITI BALA BISWAS

BCA STUDENT • WEB DEVELOPMENT • DIGITAL MARKETING • AI/ML

8972056682 • biswasprtibala@gmail.com • Berhampore, Murshidabad • linkedin.com/in/priti-b-4b92b6348

PROFESSIONAL SUMMARY

Dedicated BCA student with hands-on internship experience across web development, digital marketing strategy, and AI/ML. Comfortable working with HTML, CSS, JavaScript, Python and Java, with foundational knowledge of Data Structures & Algorithms. Experienced in building responsive web interfaces, analysing requirements, supporting digital campaigns, working with machine-learning workflows, and solving structured problems. Brings a practical, learning-oriented approach to technology, analysis, teamwork and user-focused solution building.

INTERNSHIP EXPERIENCE

Das Technologies | Web Developer & Digital Marketing Strategist

- Developed and maintained responsive web pages using HTML, CSS and JavaScript with emphasis on usability, structure and cross-device presentation.
- Supported website content updates, UI improvements, basic debugging, testing and implementation of front-end requirements.
- Assisted digital marketing strategy through content planning, audience-oriented messaging, online campaign support and performance-oriented analysis.
- Collaborated on task planning, requirement understanding and delivery while maintaining attention to timelines and quality.

Ardent Computech | AI/ML Intern

- Worked with Python-based AI/ML concepts and practical machine-learning workflows, including data preparation, exploratory analysis and model-oriented problem solving.
- Built and reviewed basic predictive-analysis workflows and interpreted outputs to understand patterns, trends and model performance.
- Applied structured analytical thinking to technical problems and documented learning, observations and implementation steps.
- Gained exposure to professional development practices, teamwork, technical research and responsible use of data-driven approaches.

SELECTED PROJECTS

Travel Landing Page | HTML • CSS • JavaScript

Responsive travel-focused landing page with structured sections, interactive front-end elements, reusable styling and mobile-friendly layout. Focus: UI implementation, responsiveness and user experience.

AI Career Salary Prediction | Python • Machine Learning

Basic machine-learning project for salary prediction and job-market-oriented analysis. Covers data preparation, feature-oriented analysis, model training concept and interpretation of prediction results.

Responsive Portfolio Website | HTML • CSS • JavaScript

Personal portfolio concept presenting profile, skills, projects and contact information through a clean responsive interface. Focus: semantic structure, visual hierarchy and front-end usability.

Student Performance Analysis | Python • Data Analysis

Entry-level analytical project exploring student-related data, identifying trends and summarising observations using structured data-processing techniques.

TECHNICAL SKILLS

Programming	Java • Python • JavaScript • HTML5 • CSS3
Web	Responsive Web Design • Front-End Development • UI Implementation • Basic Web Debugging
AI / Data	Machine Learning Fundamentals • Data Preparation • Exploratory Analysis • Predictive Modelling Concepts
Computer Science	Data Structures & Algorithms (Basic) • OOP Fundamentals • Problem Solving • Logical Reasoning
Marketing	Digital Marketing Strategy • Content Planning • Audience Analysis • Campaign Support • Basic Performance Analysis
Professional	Requirement Analysis • Analytical Thinking • Team Collaboration • Communication • Time Management • Adaptability

EDUCATION

Bachelor of Computer Applications (BCA) — Gitaram Institute of Management

Academic focus: programming fundamentals, web technologies, computer applications, analytical problem solving and applied technology.

CERTIFICATIONS & TRAINING

- AI/ML Certification — Ardent Computech • Web Development Internship / Certification — Das Technologies (ongoing, as stated in source resume)

CORE STRENGTHS

Problem Solving • Analytical Thinking • Requirement Understanding • Learning Agility • Teamwork • Communication • Time Management • User-Centric Thinking

LANGUAGES

English • Hindi • Bengali

ATS KEYWORDS

Web Development, Front-End Development, HTML, CSS, JavaScript, Python, Java, Machine Learning, Artificial Intelligence, Data Analysis, Digital Marketing, Marketing Strategy, Responsive Design, UI/UX, Problem Solving, Data Structures, Algorithms, Object-Oriented Programming, Requirement Analysis, Team Collaboration
